

Quality, Above All.

WHO WE ARE

We are setting the pace and blazing new trails in the compliance industry. Schellman & Company, LLC is the only firm in the world capable of providing our clients the rare opportunity to achieve multiple compliance objectives through a single independent assessor. Our renowned experienced teams are dedicated to delivering the highest quality services in a time conscious manner.

WHAT WE DO

Our services are centered on independent assessments and certifications based on specific industry standards. We do not and will not provide consulting, implementation, technology or managed services, which would present us with any self-serving motive or conflicting interest. Our purpose is to deliver our clients the highest independence and quality reports.

WE PROVIDE THE FOLLOWING SERVICES:

- SOC examinations
- ISO certifications
- Payment card assessments
- Federal assessments
- Healthcare assessments
- Penetration testing
- Privacy assessments
- CSA STAR programs

OUR PEOPLE

Our professionals and their experience are unmatched and our dedication to service and quality is unrivaled. Schellman is unique to be able to provide multiple engagements, through one team of cross trained employees. Schellman teams work together to gain synergies during the planning, testing, execution, and reporting processes - but most of importantly, decrease the time and resources expended by you.

OUR PROCESS

Our process is unlike any other. When you choose Schellman for your compliance initiatives, you'll be assigned a team of experts solely dedicated to your needs. We never miss a deadline and we complete our process efficiently with unmatched quality.

FIXED FEES that stay fixed

REGULAR UPDATES

TIMELY REPORTING are all part of quality that's consistent.

The Schellman methodology was developed focusing on the end-goal forward. Schellman understands what security and compliance teams need to see in a deliverable and has built the framework to ensure those goals and objectives are met.

OUR CLIENTS

We are a trusted provider to the world's leading companies, from the Fortune 1000 and publicly traded companies, to privately held entities. Our service delivery model allows for optimum quality and client experience for organizations of every size and complexity.
